

# CONTINUATION OF THE STATE PROBE REVEALS LAXITY OF OFFICIALS

Number, Including Major F. C. Gerlach, Head of Reform Farm, May Lose Their Positions After Report is Filed

## CRITICISM FOR SUPERINTENDENT OF SCHOOL

Testimony Reflects Upon the Success of His Administration—Newark Boy Says Food is Bad and That There is Suffering from Insufficient Bed Clothing—How Boys are Punished.

LANCASTER, O., Dec. 12.—Further revelations of conditions at the Boys' Industrial School made in the probe which is being conducted at the institution by the state board of administration forecast the removal of Major F. C. Gerlach, superintendent. Members of the board refused to announce their plans, however.

Nothing that reflects personally upon Superintendent Gerlach has been offered in evidence, but testimony has been given indicating that he is not in full and absolute control of the institution, since many things that he would not counter-act have been going on without his knowledge. Testimony seems to show that a condition of partial demoralization exists. No surprise would be caused if Dr. T. V. Dupuy, formerly of Ironton and Dayton, the institution physician, and Paul A. Wiebe, disciplinarian, who has suffered a nervous breakdown as a result of criticism, would be removed.

Mingled with testimony which substantiated the charges of Chaplain John G. Schaibly came assaults upon the minister, which gave a new angle to conditions. Rev. Mr. Schaibly's positive stand against the administration had indicated that the minister was the champion of oppressed boys at the institution. Yesterday it was charged that the minister was obnoxious to officers as well as wards.

Attacks upon the minister's integrity and charges that his influence at the institution had been demoralizing were heard by the state board after a strenuous two-hours' examination of witnesses, who substantiated many of the charges of neglect and cruelty which the chaplain had made in his formal deposition taken a week ago by the board. "They can't sit on me and rub it in," declared Rev. Mr. Schaibly, rising and glowering at Assistant Superintendent T. E. Westcott, following a charge by Mr. Westcott that the chaplain was not in accord with the work of the board of administration. Few boys or officers of the school, Mr. Westcott said, were in sympathy with the work of the chaplain.

"I take stock in the chaplain when the stock is good," declared H. G. Leavell, school electrician, after criticizing the minister. Major Gerlach, superintendent, asserted that the chaplain's activity against his administration had increased after he had requested the parson's resignation two weeks ago.

Officers of the home who had served under two, three and four other administrations yesterday expressed the opinion that Major Gerlach was the best superintendent they had ever served. They complimented him warmly.

The board last night postponed the investigation until next week. It will not be resumed until Tuesday, but even that day has been fixed only tentatively by the board for a resumption of the investigation. The board Monday will start on penitentiary parole applications, work which was laid aside this week on account of the Lancaster trouble.

Evidence regarding unclean conditions in the dining halls and charges of cruelty against officers at the correctional cottage was given by Mrs. Henrietta O. Raper, a teacher at the institution, who filed a written report with the board.

She said she found spoons on the tables covered with thick mould, that she had seen floor mops mixed in with bread trays and had taken pieces of mops from around dippers.

"I am not for nor against any officer on the hill," she declared. "I have no personal complaint to make."

"Last week," she continued, "my boys found a piece of a dishrag in their cabbage. It was shown to the official in charge and he said, 'I can't help it.' On my own table, I have found worms in the lettuce, roaches in pancakes and flies plentiful. Every other officer has found the same. The storekeeper refuses to eat some of the stuff placed on the table. This morning at the breakfast table an officer stopped

eating and spat on the floor. This I saw myself.

"Within the last two weeks men officers have remarked to me that they knew things they would not tell. It has been a moving picture to see some of these officers try to back up on conditions which heretofore they have proclaimed against."

"Mrs. Raper said she has been a teacher in both the public and reform schools. 'I expect this to be my life work,' she said.

She told of boys who had come out of the correction house ill and lame. One boy, Edward Rickard, she declared, "was frightful looking." "His legs were spread apart and his knees were shaking terribly when I saw him. He told me his story of the correction cottage. Later I was informed that the boy had rheumatism."

The Rickard boy was called on the stand after Mrs. Raper's testimony. The youth said he had been committed to the correctional cottage for having contracted an incurable disease and that the first day he was there, he was put through the drills. He became worse, he said, and two days after his commitment he was sent to the hospital.

H. K. Raper, a cottage officer, reported that a number of boys were obliged to bathe in the same water in a trough in the bath house, although a number of boys, he knew, were afflicted with disease.

"I think the correctional cottage should have been abolished before it was started," Mr. Raper declared.

Raymond Eberly, aged 16, of West Park, a Cleveland suburb, related that he was sent to the correctional cottage the day before Thanksgiving. "We had bread and water, and glibet gravy, with lima beans in it for dinner Thanksgiving day," he had asserted.

"That nearly broke my heart," Chaplain Schaibly declared after the boy had finished his story.

Francis A. Clapper of Lima told stories of the so-called "dungeon," and of the "meditation chambers," in both of which he said he had spent time.

## SCORES SAVED IN BRADDOCK, PENNA., FIRE

Pittsburg, Dec. 14.—Fire believed to have been of incendiary origin, destroyed twenty stables warehouses and residences in Braddock, a suburb of the city, today. Scores of men, women and children were rescued by firemen, a dozen of whom suffered slight injuries. The estimated loss is \$150,000.

## STRING REBELS TO TREES AFTER DEFEATING THEM

Mexico City, Dec. 14.—Sixty bodies of rebels hanging from trees were counted by persons traveling by road yesterday from Las Cruces to Tamasopoec in the state of Mexico. This is one of the results of the campaign conducted against the rebels in that district by Colonel Riveroll. His troops yesterday defeated a detachment of rebels at Las Cruces. Passengers coming from the north report that nine bodies of rebels were seen hanging from telegraph poles near the town of Pedrisena.

## JUDGE OUSTS JURY CAUGHT PLAYING CARDS

Seattle, Wash., Dec. 14.—Ten men and two women, comprising a jury in Judge Reynolds' department of the supreme court, were severely rebuked and discharged yesterday,

because they played cards while considering a verdict in a minor criminal case. The court's attention was called to their actions by a bailiff who listened at the key hole. This is what the bailiff heard: "If you had played spades that time you would have taken the trick." "Give me the cards, it's my deal." "Here, cut the cards and cut out the conversation."

## LEGAL TALENT SHOWED MEAGER ON EXAMINATION

Columbus, Dec. 14.—Forty-five law students passed the state bar examination held early in December and 36 failed. The result was made known by the state bar examining board here today. The number of failures was unusually large.

## SISTER IS RESCUED; BROTHER DROWNED

Portsmouth, O., Dec. 14.—Paris Diles, 12 years old, was drowned and only the fact that her sleeves became caught on a cake of ice made possible the rescue of his sister, Tera Diles, 11, at a pond in the East End last evening.

The boy had been pushing his sister across the frozen pond in a small wagon when the ice broke. The father, with the aid of neighbors, rescued both, but the boy could not be revived.

Reports that two other children are still in the pond could not be verified.

## MOTT WOULD AMEND LAW FOR PAPERS

Washington, Dec. 14.—Representative Mott of New York, introduced today an amendment to the so-called newspaper law, to eliminate the sections requiring newspapers to publish sworn circulation statements, statements of indebtedness and the marking of reading matter published for pay. It would require publications to file the names of their officers and owners, omitting the names of persons owning less than five per cent of the stock. Religious publications would not be exempted, as in the existing law.

## WOMAN, IN ILL HEALTH, KILLS SELF; LEAVES 3 BABIES

Akron, Dec. 14.—Grown despondent from a long illness, Mrs. Frank Snider, mother of three children, shot and killed herself at her home here last night.

## KILLED HUSBY TO GET \$10,000 ESTATE

Philadelphia, Dec. 14.—Mrs. Frieda Trosk, who was on trial here this week on a charge of having killed her husband, William Trosk, was convicted today of murder in the first degree. The commonwealth charged that Mrs. Trosk, one week after her marriage last week gave Trosk poison so she could obtain his estate, valued at less than \$10,000. The jury was out two hours.

## WEEKLY CABINET MEETING

Planned by Gov.-Elect Cox, First of Which is Pronounced Success

## MEETS STATE OFFICIALS

At Luncheon and Discusses Democratic Platform and the Constitutional Amendments.

Columbus, O., Dec. 14.—So far as proclaimed results are concerned, Governor-elect James M. Cox's first round table, or cabinet meeting, yesterday afternoon with his fellow Democratic state officials-elect was a success. All at the heads of the administration were present, including Lieutenant Governor Hugh Nichols of Batavia, who, under the law, is the presiding officer of the senate.

To his associates the incoming governor stated his desire to establish a weekly cabinet meeting during his term in order, as he said, to secure team work.

The idea was unanimously approved by the other state officials.

Organization of the general assembly also was under discussion, and when the meeting ended there was no longer any doubt as to the attitude generally of the state officials toward Mr. Cox's program.

This contemplates the election of Charles L. Swain of Cincinnati as speaker and John R. Cassidy of Bellefontaine as clerk.

Mr. Cox announced his support of these candidates, and his associates endorsed that action. In short, all of the assertions made concerning the other candidates upon the basis of a presumed division were set aside.

When the legislative caucus meets next Tuesday the members elect of the house of representatives will find not only the governor-elect but all of his associates united for the selection of Swain and Cassidy.

In the morning there was a round table discussion of the Democratic platform adopted at Toledo and of the recently approved constitutional amendments.

Mr. Cox informed his associates of what had been done toward the preparation of bills for the redemption of the platform pledges and for the enactment of legislation made necessary by the constitutional changes.

Upon this branch of the work he (Continued on Page 12, Col. 3.)

## WOULD END PRACTICE OF ELGIN TRUST

Chicago, Dec. 14.—The Elgin Board of Trade, popularly known as the "Butter Trust," and the American Association of Creamery Butter Manufacturers were attacked in a civil suit filed here today for the dissolution of both concerns.

# ZANESVILLE CITY HALL DESTROYED BY FIRE AT AN EARLY HOUR THIS MORNING

Zanesville, Dec. 14.—Fire discovered in the two-story building extending from Fourth to Fifth streets, and known as the "market house," shortly after three o'clock this morning resulted in the destruction of the building and the loss of city records and official documents of immeasurable value. The blaze is believed to have been caused by an overheated stove.

The flames were noticed by a man occupying a room in a hotel, across from the "market house," who promptly turned in an alarm. He saw flames coming from a window which he believed was in the City Auditor's office, and it is now thought that additional gas pressure during the night overheated the gas stove in the auditor's office until adjacent woodwork caught fire.

## LADY ALFRED MOND TAKES ACTIVE INTEREST IN CHRISTMAS CHARITIES

Lady Alfred Mond, who organized the Sports and Pastimes Quadrille in the One Hundred Years Ago Ball, held at Earl's Court last summer, is one of the titled leaders in the campaign being conducted in London to raise a Christmas fund for the poor. She has given freely of her time and money, and is prominent in every important charity ball and bazaar. She is shown here wearing her famous costume representing "Cards."

## MEXICO MUST PAY \$86,000 FOR INSULTS

Washington, Dec. 14.—Twenty-three Americans who were wounded or who had relatives killed or wounded by shots from across the Mexican border in April or May, 1911, should receive indemnities aggregating \$86,000 from the Mexican government, according to a report to congress by a commission of army officers authorized to investigate the cases. All claims of Mexicans injured on the American side by bullets from Mexican revolutionists were disapproved.

## FELL FROM TRAIN; BODY MANGLED BY B. & O. CARS

Kent, O., Dec. 14.—The mangled body of Earl Horst of Canton was found on the Baltimore and Ohio tracks here today. He left yesterday for a visit with his sister in Cleveland and it is supposed that he fell from a Wheeling and Lake Erie train, eighty feet to the B. & O. tracks, later being run over and cut to pieces.

## \$4,000 LOSS WHEN STORE SAFE YIELDS

Paulding, O., Dec. 14.—Burglars entered the G. A. Lynn jewelry store early today, blew the safe, secured about \$200 in money, together with watches, diamond rings and other jewelry to the value of about \$4000 and escaped without leaving any clue to their identity.

## GRAFT CHARGES SUSTAINED IN NAVAL INQUIRY

Norfolk, Va., Dec. 14.—W. W. Dickey, commissary steward of the battleship Louisiana, around whom centered charges of graft scandal in the commissary of the Atlantic fleet, was today found guilty of "scandalous conduct" by a naval court martial and sentenced to five years at hard labor.

## JEFFERSON GRAND JURY STILL BUSY

Eight More Indictments are Returned Against Political Leaders

## WILL CONTINUE PROBE

When Next Grand Jury is Called—Prominent Men Including Officers-Elect Included.

Stuebenville, O., Dec. 14.—Another bomb was dropped in the ranks of Jefferson county politicians late yesterday afternoon when the grand jury returned eight more indictments, charging corrupt election practices against seven additional residents of Stuebenville.

Those indicted in the final report of the grand jury are:

William C. Brown, prosecuting attorney-elect.

John A. Mansfield, former judge of both the common pleas and probate courts here.

A. F. Bernier, a Republican member of the election board.

Henry F. Lawler, a justice of the peace.

James Gilson, a brother of both Postmaster Richard Gilson and of John Gilson, state representative-elect from this county.

Alfred Crippen, Postmaster Richard Gilson.

John G. Belknap, probate judge-elect.

Gilson and Belknap were indicted last week in connection with the election investigation, and were re-indicted yesterday afternoon on additional charges. The eighth indictment, which charges an illegal solicitation of money from a candidate, was returned against Albert Crippen, living at Smithfield, near here.

A nervous and whispering throng filled the corridors of the court house all afternoon, the news having been given out that the grand jury was to make a final report. When the grand jury finally filed down the crowd gave way, then marched into the court room at the heels of the last grand jury.

"We are through so far as this grand jury is concerned, but the investigation into corrupt election practices in Jefferson county is by no means complete," was the announcement of Prosecuting Attorney Jay S. Paisley, when the grand jurors were dismissed from further service by Judge R. G. Richards.

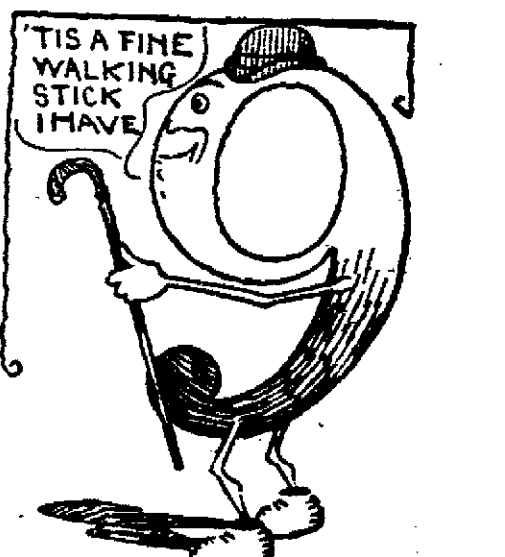

## Still Have Hopes of Finding Lost Christmas Boat

Washington, Dec. 14.—The revenue cutter Mackinaw was ordered today from Salt Ste. Marie to the northern islands of Lake Michigan in search of the long over-due schooner Rouse Simmons, with a crew of sixteen men.

## GAS EXPLODES; PHOENIX MILLS ARE BURNED

Marietta, Dec. 14.—For the second time in two months, fire last night visited the plant of the Phoenix Flour Mills Co., this time completely destroying the four-store structure. An explosion of natural gas caused the fire. Loss \$50,000.

**NEWARK BOY AT LANCASTER TELLS OF EXPERIENCES**

Ralph Retherford, the Newark boy who was sent to the Boys' Industrial School on October 26, does not receive medical treatment when ill, is poorly fed and forced to sleep without sufficient covering, according to his mother, Mrs. Lenora Retherford, who lives in the rear of 87 North Williams street. At yesterday's examination before the State Board of Administration, Miss Mary Rhoades, nurse at the Lancaster institution, testified that Dr. V. T. Depey, the school physician, sent the Retherford boy back to his cottage even when the boy had a temperature of 103. Miss Rhoades testified that she called the attention of Major Gerlach to the matter and that the head of the school ordered the boy back to the hospital when he found that his temperature was 105.

**ON SECOND THOUGHT.**

If you desire to compliment a woman eat her salad in such manner as to convey the impression that you are enjoying it.

A woman's social status can often be determined by what the other women say of her furs.

The tattoo mark is superior to the chin whisker in the respect that it can be successfully concealed.

If the people get the impression that it is musical comedy, grand opera often plays to good business.

When a woman is charged with

crime her sex generally is the best defense that can be offered.

Art has many manifestations. The lattice work cranberry pie is one expression of it.

A man has this advantage over a dog. A man doesn't have to show his pedigree to obtain recognition.

When an elderly woman talks of a "stone" she means a tombstone. But when a girl talks of a "stone" she means a diamond.

It can also be said for John D. Rockefeller that kerosene is much cheaper than electricity.

of his mother, who told Judge Hunter of the juvenile court that her son was unmanageable, that he was continually making demands upon her for money and that he abused his younger brother, David. The final act that caused the mother to seek the aid of the court came when the boy set fire to the curtains in the home during the absence of his mother.

This morning Mrs. Retherford told the Advocate that she had made one visit to Lancaster since her son had been confined there and that he had told her that the boys were almost starved and that at night they were not furnished with sufficient bedding. She said that her son had not been subjected to any of the ill-treatment charged against the officials at the school, but that he had told her that the punishment visited upon the other boys was cruel in the extreme.

"Ralph said that the boys were sent to the basement at night and forced to remove their shoes and stockings and remain barefoot until bed time. He said that the floor of the basement was concrete and very cold. If any of the boys speak above a whisper while in the basement they are brought upstairs and 'lined up.' They make them face the wall and then one of the attendants grabs them by the hair and jams their faces against the wall," said Mrs. Retherford in answer to the question as to the nature of the punishment visited on the boys.

"Before I went to Lancaster," said the mother, "Ralph wrote and asked me to bring plenty to eat, and when I got there he ate everything that I had and was still hungry. The boy was sick and he told me that he was always hungry. He had pneumonia when he was a little boy and he has been sick ever since. While I was there one of the other boys, who seemed to have more privileges than the rest, told me that he had stolen things to eat for Ralph and was in the habit of doing it for the other boys. He said that parents often gave him money to get things to eat for their sons."

Mrs. Retherford said that her son had not named any of the unusual punishments inflicted upon the inmates of the school other than to say that some of the boys were very severely punished.

"As soon as I knew that Ralph was sick I wrote Major Gerlach and asked him to tell me all about it. I asked him to tell me what sort of a boy Ralph had been. He didn't answer me or a long time and then I got this letter," said Mrs. Retherford exhibiting a letter from Major Gerlach which read that Ralph had a severe cold but was not dangerously ill. The head of the school wrote the mother that he had found her son a good boy.

Mrs. Retherford said also that she had written Allen W. Thurman of the State Board of Administration telling him the facts as she had found them, to this letter she has not yet had a reply.

"Ralph was not sent there for any crime and I hate to think that my son is sick and not receiving proper attention, that he is hungry and cold. I was told that Lancaster was a fine place to send boys and that it made bad boys good. If he is sick and they don't want to take care of him, why don't they let his mother have him?" was Mrs. Retherford's question in closing the interview.

The most severe cold will be broken, and all grippe misery ended after taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken. You will distinctly feel all the disagreeable symptoms leaving after the very first dose.

The most miserable headache, dizziness, head and nose stopped up, feverishness, sneezing, running of the eyes, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress vanishes.

Take this wonderful Compound as directed, with the knowledge that there is nothing else in the world which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply—accept no substitute—contains no quinine. Belongs in every home. Tastes nice—acts gently.

**HISTORY**

Of the Buckeye State Building and Loan Company, Rankin Building, 22 West Gay Street, Columbus, O.

1. This company was started January 2, 1895. The original incorporators were L. L. Rankin, L. P. McCullough, B. C. Blachley, John J. Schwartz, James H. Burns and Judge Frank Rathmell. Beginning with nothing, its assets now amount to \$6,200,000, all loaned on first mortgage real estate security—the safest of all securities. Five per cent paid on time deposits.

**STES FOR DIVORCE.**

Delaware, Dec. 14.—Charging that her husband obtained \$500 with which to desert her and go to California, by forging her name to a note, Mrs. Thomas Allen, a merchant at Hyatts, has filed suit for divorce.

**YOUNG GIRL A SUICIDE.**

Youngstown, Dec. 14.—When the father, mother and sister of Bessie Stevenson, aged 17, a Rayen high school girl, returned from church, they found her dead body on a couch. She had taken poison. No motive is known.

**HEAVY FINE FOR SUNDAY VIOLATION**

George Johnson, charged with keeping his saloon open on Sunday, Dec. 1, and also with selling liquor on the same date, was fined \$100 on the first charge and \$50 on the second charge, and ordered to pay the costs in both cases when tried before Mayor Swartz Friday afternoon. He was given ten days in which to file his appeal.

**Governor Cox on the Future of the Democratic Party**

Columbus, Dec. 14.—The future of the Democratic party in Ohio depends largely on the action of the incoming Democratic general assembly. If that action is honest, prompt and responsive to the promises made by Governor-elect Cox and the platform, the party will continue to win victories. If petty jealousies and disappointments are to close the eyes of legislators to their important duty, the Democratic party will be wrecked.

The two years administration of Democratic officers in the state house was one of the greatest assets the party has in the last campaign. The splendid endorsement given these men and others on the state ticket points a moral to the members of the general assembly. The people want efficient service, and they demonstrated in 1912 that they appreciate good government.

"We gave a promissory note at the Toledo convention," said Governor-elect Cox. "It was discussed during the campaign by myself and members of the legislature who were not only elected upon that platform but in every county they gave endorsement to it. The time has come to pay that debt, and it must be done in such clear-cut fashion that there can be no question whatsoever about the legitimacy of that performance. It is so necessary that the general assembly be along progressive lines that personal preferences and ambitions must not be a consideration."

Mr. Cox's experience in congress and his business qualifications, generally, coupled with the fact that he is working to secure an organization in the house that will co-operate to the full extent with him in his efforts to keep faith with the people, make his counsel, and advice especially valuable to the members of the legislature. The harmonious selection of officers of the house, who are in full accord with the new governor, at the legislative caucus in Columbus next Tuesday will inspire confidence everywhere that there is to be unanimity of action by those in the executive and legislative departments of the state government for the payment of the promissory note which the party gave the people.

**Notice to Contractors.**

Sealed proposals will be received by The Newark Masonic Temple Company of Newark, Ohio, until 12 o'clock noon, Monday, the 20th day of December, 1912, for the erection and completion of the superstructure for the new Masonic Temple, according to plans and specifications on file in the office of M. B. Winkle, Secretary, Newark, Ohio, at the Builders' Exchange in Columbus, Ohio, and at the office of Vernon Archibald, Architect, Mansfield, Ohio, who will furnish same on application. Separate bids will also be received on above date on different branches of the building, and the lowest bidder will be awarded the contract. Each bid shall be accompanied by a certified check (on a solvent bank) or a guaranty in the form of a satisfactory bond with responsible surety for the full amount of the contract, payable to the trustees of The Newark Masonic Temple Company, conditioned that the bidder will execute and complete the contract in accordance with the plans and specifications of said company, and the performance of the contract price, and that if the contract is not awarded to the bidder, the certified check will be returned.

Blanks for the bids may be secured from the architect or from the secretary of said company and The Newark Masonic Temple Company reserves the right to reject any or all bids. The Newark Masonic Temple Company, Newark, Ohio, E. B. EGGS, President. F. M. B. WINKLE, Secretary. 11-30 121 s tu th

## COURT NEWS

**Divorce Petition.**  
Vira Ort, by her attorneys, Smythe & Smythe, has filed a petition in probate court praying that she be divorced from Frank Ort. She charges gross neglect of duty, habitual drunkenness and abandonment.

The plaintiff avers that her husband induced her to sign the conveyance of a lot in Fostoria by promising to give her a part of the purchase price and that he has refused to keep this promise. She says that they are no longer living together and that at the time of the separation he sold all their household goods and converted the money to his own use.

She asks the court to grant her alimony during the pendency of the suit, permanent alimony on final hearing, and the custody of their child.

**Didn't Like Farm Life.**  
The divorce matter of Geo. Reeder vs. May Reeder was in hearing in probate court before Judge Hunter Saturday afternoon. The case of the plaintiff hinges on his wife's refusal to live on a farm following which she left him and went to Indiana.

Reeder is a glassworker from Ulica, and is represented by J. W. Horner.

**Sent to Sanatorium.**  
Jacob Cannon, 40, who has been living with his brother in Washington township, has been sent to the tuberculosis sanatorium at Mt. Vernon by the infirmary directors.

**Admit Will to Probate.**  
The will of Lewis Legg of Madison township, was admitted to probate. Martha J. Legg and Jennie Morgan have been appointed executors.

**Marriage Licenses.**  
Bernard Lake, clerk, Johnstown; Dortha Butt, Johnstown; Raymond Offenbaker, Newark; Emma B. Betts, Newark; John Pollack, Jr., coal miner, Bylesville; Anna M. Vereb, Newark.

**Real Estate Transfers.**  
Artemus W. Glasgett to Fred W. Claggett, lot 25 Hudson Park addition, \$1.65.  
Charles Sinker to Lucy Baker, lots 10 and 11 in Evans' addition to Hartford village, \$1200.

**MARTIAL LAW LIFTED.**  
Charleston, W. Va., Dec. 14.—No official proclamation will be issued lifting martial law from the Kanawha coal strike district. This was announced at the office of Governor Glasscock last night. The last of the state troops were withdrawn from the strike zone yesterday.

Some fellows would rather borrow an umbrella than lay one by for a rainy day.

## THE YULE TIDE AND ITS ORIGIN

In northern Europe the ancient celebration in honor of the god Thor was held at a time when the sun changed its course in its path. The word symbolizing this turning was the Gothic word "hiul"—wheel. Gradually the word became Yule, and was fixed upon the festival itself.

A part of the celebration was the burning of the Yule log. When the log was well alight the head of the house would strike it and say, "For every spark that arises, shall we have cows, horses, and pigs."

May we not suppose that present-day gift-giving is a variation of some such rite of this ancient celebration? Whatever its source, we now express our good will, love, and friendship by gifts. The shops are brimful of Christmas presents and the spirit of "Good Cheer" permeates the home, the street, the shops, the city, and the entire country.

Everybody is buying and encouraging everybody else to buy to the end that no one may be forgotten on Christmas morn. See to it that no one whom you know is disappointed. Read the Christmas advertisements in THE ADVOCATE closely and constantly every day and just see what a few dollars can do toward making little hearts merry on Christmas day.

## KA-TAR-NO

### THE OLD-TIME PERUNA

"Where can I get the Ka-tar-no that I hear so much talk about?" said a bustling woman to her druggist one day. No matter what the druggist replied. We wish to say, you can get Ka-tar-no of us, in any quantity you desire. Ka-tar-no, the old-time Peruna. Ka-tar-no, guaranteed by Dr. Hartman to be the same Peruna your grandmother used to take and your mother used to give when you were a baby. ## OBITUARY

**MRS. EDWARD M. DOWNER.**  
Mrs. Martha E. Downer, wife of Edward M. Downer of Granville, died Friday afternoon at 2 o'clock after having been bedfast for the past several months. She is survived by her husband and three children. Judge Spellman Downer of Bowlder, Col., Frank Downer, Director of the United States mint at Denver and Mrs. A. D. Cole of Columbus. The funeral services will occur at the residence Sunday afternoon at 2 o'clock. Rev. Dr. C. J. Baldwin officiating.

**MRS. SARAH JOHNSON.**  
Mrs. Sarah Weiss Johnson, aged 72 years, died Friday night at 10 o'clock at the home of her daughter, Mrs. G. H. Gearhart, 227 Buena Vista street, after an illness of paralysis. The deceased was the widow of the late John Johnson, to whom she was married Nov. 30, 1871. She was born in Eden township, 10 miles north of Newark, March 15, 1840. She has made her home with Mrs. Gearhart for the past seven years. Early in life she united with the M. E. church, but later affiliated with the U. B. church at Pleasant Valley. Besides the daughter she is survived by two brothers and three sisters. Funeral services will be held Monday morning at 10:30 o'clock at the Gearhart home. Rev. G. W. Tyler officiating. Interment at Evans cemetery, near St. Louisville.

**CARD OF THANKS.**  
We extend our heartfelt thanks to our neighbors and friends for the kindness and sympathy shown us during the illness and death of our kind and loving mother, Mrs. Nannie Roberts. We also thank Rev. Dankan for his kind and loving words. Criss Bros., and the singers, also for the floral offerings. The Children.

## FIRE CHIEF BAUSCH WILL INSPECT THE XMAS DECORATIONS

While there are no ordinances in the city authorizing the fire department to forbid the use of cotton, bunting and other inflammable materials for decorating purposes, Fire Chief Bausch will make a trip through the business district next week inspecting the decorations. Where he finds inflammable materials in close proximity to gas or poorly insulated electric lights, he will ask that the materials be removed. A bulletin from the state fire marshal's office calls the attention of business men to the fact that standard insurance policies are void where the negligence of the insured causes the fire. The use of cotton and tissue paper festoons around Christmas trees is also condemned.

## CITY DRUG STORE THE MECCA OF HOLIDAY SHOPPERS

Have you seen the pretty things at the City Drug Store? If not you'd better follow the crowd and go in. This busy store, at West Main and Third streets, is filled with attractive gifts for Xmas that will solve the problem of what to give. Never before were the people of Newark able to find so many toilet articles for both men and women. There are manicure sets, complete toilet sets in ivory, ebony, silver, rosewood and cocobola, brushes of all kinds, traveling sets of the newest kind—all the latest novelties in these lines. The Parisian Ivory goods are especially fine and some exceptional bargains are to be found. Then there are the smoking sets, shaving sets, pipes, cigars, a tempting line of perfumes done up most daintily, writing paper in attractive boxes, and the delicious Guth candies.

Mr. Bricker and his courteous corps of assistants will take pleasure in showing the beautiful lines of Xmas wares, as well as serve you from the most complete drug line in the city. 12-14-13

## TO MANUFACTURE MEDICATED SALT FOR ALL STOCK

Mr. Fletcher S. Scott has rented quarters for the manufacture of a stock staple which he will begin marketing next week. Associated with Mr. Scott will be C. C. Brown of Dayton, a gentleman with much experience in that line. The office will be located at No. 16 South Fifth street and will be in charge of Mr. Scott. He already has a large number of orders to be filled and the new firm will cover the entire United States in marketing their production. The stock staple is in the nature of a medicated salts which will be sold under a positive guarantee to expel worms and condition stock of all kinds.

Mr. Scott has offered a prize of a ten-dollar gold piece to the pupils of the Latin class of the High school if they can select him a name for his product which will be suitable for labeling and trademark purposes.

Ruthie Learns The Use of the Typewriter

Ruthie is a Little Typewriter Girl.

ADDY sat down, tapping his fingers amusedly on the arm of his chair. "You ought to see Ruthie these days," he said to Jack and Evelyn. "She's learning to write on the typewriter."

"Ruthie, you know, is just six years old. She goes to school now—real school, not kindergarten—and she thinks she is quite a young lady. When she trots off in the morning with her little rosy face wreathed in smiles you would think Ruthie was going to a party instead of to lessons. Its lovely when little boys and girls like to go to school, and no wonder the teacher lady smiles when cheerful little Ruthie comes hurrying in at the schoolroom door. So many little boys and girls, you know, smile and hurry only when they are going home. I hope, Jack, you and Evelyn are not that kind of children."

"Well, Ruthie's papa, as you know, is a writer man. He makes up pieces for the newspapers. Ruthie has an idea that when she grows up she will be a writer lady and make up pieces for the newspapers too."

"On his desk her father has a machine on which he taps out his newspaper pieces. It is a typewriter. Perhaps you have seen one. In front are a lot of little keys, each having one of the letters of the alphabet painted on it. When you strike the key marked a the letter a is printed on the sheet of paper, which you slip into a roll on top of the machine. By spelling out the letters in a word and striking these letters on the keys you do your writing."

"It looked so easy that Ruthie thought she would begin to be a writer lady by printing a little piece on the typewriter."

"I'm going to write a piece about the mouse in the pantry. Papa can put it into the paper for me," she told her sister.

"So Ruthie climbed up on the tall chair. Her slipped toes stuck straight out in front of her, and the bow of her hair wasn't much higher than the top of the typewriter."

"Ruthie began: 'There is a mouse in our pantry. It won't go into the trap. The cat could catch it. We have no cat. We gave it away when we went to the country. Cats like mice. They eat them up.'"

"Ruthie couldn't spell all the big words, but her sister helped her."

"When it was done they looked at the sheet of paper. There was only a line of blurred letters. Ruthie had written one line over another, so that no one could ever read it."

"You see when a line is printed you have to turn the roll. Poor Ruthie, she was so disappointed, but perhaps some day when she is larger she may learn to use a typewriting machine, but her papa says she mustn't use his any more, for she may break it."

## Buckeye Lake Frozen.

A man who came to Newark from Buckeye Lake Saturday morning reported that the lake is covered by four inches of ice.  
**Pay Checks Arrive.**  
The pay checks of the local employees of the B. & O. railroad arrived in the city this morning on train No. 7 and are being distributed at the station ticket office and at the freight office.  
**South Side Chapel Opens.**  
Preaching services at the South Side chapel will resume for the winter Sunday at 7 p. m. A cordial invitation is extended to all. Sunday school at 2:30 p. m., in charge of competent teachers.  
**Grass Fire Friday.**  
Burning grass in a vacant lot in wing street, East Newark, caused an alarm of fire Friday evening about 5 o'clock. The East Newark company and the truck from headquarters responded to the alarm. There was no loss.  
**Board of Trade Meeting.**  
The annual meeting of the Board of Trade will be held at 6 o'clock Monday evening, Dec. 30. Members are urged to attend the 6 o'clock dinner but those who reach the meeting by 7 o'clock will be in time to take part in the election of directors.  
**Ambulance to Columbus.**  
The Bazler & Bradley auto ambulance was driven to Columbus Saturday morning and was taken to the factory, where the engine was cleaned and overhauled. Mr. Bazler was accompanied by his wife and a number of her friends who spent the day in the capital city.  
**Conter Past Master's Degree.**  
The Past Master's degree will be conferred by Warren Chapter No. 6, R. A. M., next Monday evening on the master-elect of the Paraskala lodge. A number of out-of-town Masons will be in attendance, and members of the local chapter are urged to let nothing prevent their assisting in the work of the evening.  
**Draw Bar Broke.**  
The draw bar coupling a load of gravel with a trolley car broke this morning as the work train was rounding the curve at Fourth and Church streets. Traffic was delayed for a few minutes and it was necessary for the city cars to transfer passengers at this point until a new bar could be secured from the yards.  
**Hospital Payment Due.**  
Subscribers to the Newark Hospital fund received notice this morning that the second payment of one-fourth of their subscription is due today. Payments may be made to Secretary H. D. Woodbridge at the Franklin Bank. The trustees being personally responsible for all debts or contracts made by them, hope to have at least one-half of the amount subscribed in hand before they let the contract for the building. The hospital plans are about completed. Case Dismissed.  
Clarence Breeding, a native of Delaware, arrested Thursday evening by Chief of Police Blizard and Patrolmen Donley and Abbott as a

suspicious character, was dismissed when arraigned before Mayor Swartz in police court Saturday morning. Seven drunks were arraigned, three of the number being dismissed. Fines were assessed in the other cases.  
**Daughter Born.**  
A daughter was born to Mr. and Mrs. Edward Kennister of No. 4 Bolin avenue, Wednesday.  
**Liberty Short Lived.**  
John Ridenour, released from the city prison Saturday morning after serving time on a drunk charge, was arrested Saturday at 1:30 by Patrolman Donley in South Newark. Ridenour was charged with being drunk and begging.

All girls joining the Y. W. C. A. are requested to meet Monday evening at 7 o'clock with the membership committee at the Y. W. C. A. rooms in the Robinson building in Church street, to sew for the new home. Bring thimbles and thread.  
**Hobo is Improving.**  
William Clark, the "roader," who was so badly carved by another tramp Tuesday, is improving rapidly at the City Hospital and will be in condition in a few days to be discharged from the institution. He again told officers yesterday that he would be unable to recognize his assailant.  
**Teachers' Institute.**  
There was an excellent attendance at the City Teachers' Institute at the High School Auditorium Friday. Dr. J. Adam Puffer of Boston delivered two splendid lectures at the afternoon session, the first at 1:15 on "Social Forces Pushing Boys and Girls Into Vice." The second lecture was delivered later in the afternoon on "Vacational Guidance." Elected Vice President.  
Honors was conferred upon Harry P. Scott of the Sherwood Hotel yesterday at the final session of the Ohio Hotel Men's Association conference at Toledo, when the local man was elected to the vice presidency of the association. Mr. Scott's duties will include the development of the organization's interests in what corresponds to the 17th congressional district.  
**Will Reopen Office Here.**  
Dr. T. W. Ashley and family have returned from Indiana, where Dr. Ashley has been practicing for the past two years, and will reside in the Channing Thompson home, on Belmont avenue. Dr. Ashley has announced his intention to resume practice in Newark and will strictly open offices in the Newark Trust Company building, for the development of his eye, ear and nose practice.  
**Hobo Camp.**  
Complaint was made Saturday that a number of hobos were making their headquarters in an old barn just east of the Pennsylvania tower in East Newark, near where the cutting scrape occurred early this week. Property owners in the vicinity dislike having the tramps in the neighborhood and at the same time fear to order them out. The police may be asked to clean out the place.

## CITY FIREMAN IS INJURED IN EAST NEWARK

Edward Swern, fireman stationed at the North End house, fell at the scene of Friday night's fire in East Newark and sustained an injury to the head which rendered him unconscious. He remained in this condition until about 4 o'clock Saturday morning. He was unable to report for duty and is at his home in Ash street, recovering from the accident.

Friday was Swern's day off and when the alarm was received at headquarters, he was standing near Emerson's corner, where he boarded the truck from headquarters as it responded to the alarm.

None of the members of the department saw him when the accident occurred and they are at a loss to explain how he fell. It is supposed that he stumbled in the dark while running through an alley. He struck his head on the hard ground and was unconscious when he was found by a brother who took him to his home.

It is believed that his injury is of serious nature and that he will be unable to resume his duties within a few days.

## FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman.  
I know woman's sufferings.  
I have found the cure.  
I will mail, free of any charge, my book to you with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—yes, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves as home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we cannot tell to any doctor. I know that my home treatment is safe and sure cure for leucorrhoea or white discharges, ulceration, inflammation or falling of the womb, prolapse, scanty or painful periods, dizziness or fainting, or swelling and pain in the back and loins, bearing down feelings, nervousness, chronic fatigue, the spicy, watery, desire to cry, hot flashes, nervous, bitter, and bitter humors which cause so much suffering to our sex.

I want to send you a complete ten day's treatment which I can give to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial, and if you wish to continue, it will cost you only about 10 cents a week or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Thousands of women have cured themselves with my home remedy. It cures all old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Discharges and Painful or Irregular Menstruation in young Ladies, Pimples and skin blemishes always results from it.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell you sufferer that this home treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your name, and the free ten day's treatment is yours, also the book. Write today, as you may not see this offer again. Address: MRS. M. SUMMERS, Box 2, Notre Dame, Ind., U.S.A.

## "INDIAN DOCTOR" CANNOT PRACTICE MEDICINE HERE

"Dr." Rheamont Released From Muskingum Jail—Must Keep Away From Newark.

Newark officials will not prosecute the case against "Dr." J. M. Rheamont, charged with practicing medicine without a license if the defendant remains away from Newark. This was the substance of Chief of Police Blizard's statement to the Zanesville authorities following Rheamont's arrest, after he was released by the probate court under bond.

Newark officers wish to prevent the man from practicing his vocation in this city and if he appears here he will be placed under arrest on the affidavit filed against him several weeks ago and the case will be prosecuted.

Shortly after Rheamont's arrest here several weeks ago, he was arraigned in juvenile court at Zanesville, charged with contributing to the delinquency of Grace Gaver. His bond was placed at \$2500 and later increased to \$5000. Friday it was reduced to \$200, and he furnished bail. He was not sooner released than he was arrested again on the Newark warrant and placed in the Zanesville city prison.

Zanesville officers notified the Newark police department and received orders to release the man, but to tell him that he would be arrested if he appeared in Newark.

## HUMANE OFFICER TAKES CHARGE OF MAN'S TEAM

Earl Richards, 31, a teamster for the St. Mary's Drilling company, operating in the Hoboken field, was fined \$5 and costs in Mayor Swartz's court Friday morning on a drunk charge. He will be compelled to face the additional charge of cruelty to animals. Humane Officer Harris alleges that Richards left a team hitched near Showman's, three miles west of the city, from 8 o'clock Thursday morning until 5 o'clock in the evening when the officer took it in charge. The horses were left without being blanketed or fed. G. N. Glover, the company's manager, came to Newark Friday and took charge of the team.

## BAD ACCOUNTS LEADS TO END OF UTICA FIRM

Attorneys Fitzgibbon and Montgomery of this city have filed a petition in involuntary bankruptcy in the federal court against George Buxton, who for several years has conducted a gro-

cery at Utica. The petition was filed on behalf of T. W. Buxton, father of the grocer, M. Colville and L. Buxton to whom the mercantile is indebted to the extent of \$1500. The store is said to have been a good proposition if properly conducted and will probably be maintained under the direction of trustees as soon as the litigation can be forced in that direction. Buxton is said to have extended credit without proper discrimination, which resulted in the filing of the petition. It is understood that Buxton has left Utica, and inquiry this morning failed to secure any information from members of his family as to his present whereabouts.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

## SALVATION ARMY WILL DISTRIBUTE 100 XMAS BASKETS

Salvationists are busy planning for their annual distribution of Christmas baskets where most needed and it is the desire of Captain I. N. McMahon, and his co-workers, Captain and Mrs. Dehnen, to send out at least 100 baskets filled with good things to eat. Mr. Clements, successor to the late Mr. Conrad, has made arrangements to distribute the baskets on the day before Christmas.

Captain McMahon has faith in the people of Newark to contribute towards this worthy project and also the regular winter relief work.

On New Year's night an entertainment will be given, assisted by talent from some of the local churches. A mammoth Christmas tree will be on exhibition and good things will be distributed to the children.

Everybody come to the old Methodist church on that night and help to bring something and gladness to the hearts of many.

## 14 GIRLS LOOSE SUIT.

Canton, Dec. 11.—Fourteen girls, employees in the Stark county courthouse, lost their suit for a share in the estate of Samuel Runk, a wealthy octogenarian. Referee J. H. Taylor decided in favor of a will made later than the one which bequeathed \$1000 to each of the girls.

## STATE TOURNEY AT CANTON, O. NEXT MONTH

Judging from indications, the Ohio State Bowling tournament which will be held on the Tabernacle alleys in Canton from January 15 to 25 will be the biggest affair of the nature ever held in the state. Reports from Canton are to the effect that it will be big in every particular.

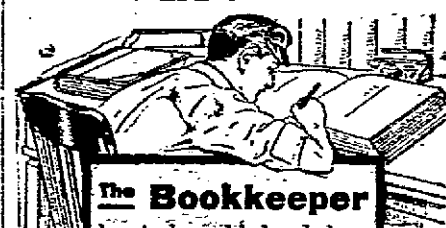

The Canton Bowling Association, which stands sponsor for the high quality of the event, has been spending every effort to make the event the one to be remembered by the visiting bowlers. With this idea in mind, the C. B. A. considered the pleasure of the bowlers of the state from every angle.

An innovation will be tried that ought to prove one of the notable features of the tourney—the awarding of special prizes for achievements in every department of the game and on every day of the meet. The C. B. A. has secured from the merchants and manufacturers of Canton, who show more than casual interest in the game, over 20 such prizes, including six of the eight cups, several watches, fobs, knives, bowling balls and other articles. The list approximates \$1,000 in value.

The Timken Trophy will head the list, going to the bowler having the highest average in his nine tournament games. It is a handsome cup valued at \$150, presented by the Timken Roller Bearing company. All these prizes are in addition to the regular cash awards which go with every tournament. Never before in the history of the game has there been such a list of special prizes offered.

## FIND MRS. KRAFT'S TRUNKS.

Chicago, Dec. 11.—Two trunks and two suit cases belonging to Mrs. Emma Kraft of Cincinnati, who was beaten to death with a hammer in a hotel here on Nov. 14, were found by detectives in a storage warehouse. The property was checked under the name of "John B. Cutters."

## CURES BARBERS ITCH PROMPTLY

When All Else Fails Goodhair Soap  
Cures Barbers' Itch.

"Will you kindly send me a cake of your celebrated 'Goodhair' soap, for which I am enclosing 25 cents in stamps. Have been sending to Dayton for the soap, as I have been unable to locate your products in any store in this city, and cannot do without it at any cost. I spent about \$100.00 several years ago, trying to remedy 'barbers' itch.' Finally, as a last resort, I was persuaded to use your soap, which brought immediate results. At the small price thereof, I have recommended 'Goodhair' to all my friends as 'best ever' for shampoo and other skin diseases, but they also seemed to be unable to secure it here. Just gave the last cake away today to a friend, one of the many unfortunate who could not locate the product. Yours respectfully,  
WILFRED D. CALLEHAN,  
1492 Broadway, N. Y. City.

"Answering your inquiry of 20th instant, beg leave to state that I saw the young man afflicted with barbers' itch, and his face has all healed up; got relief from the first application of Goodhair Soap, and has not used anything else since commencing on the soap.  
Yours truly,  
W. M. McEVILLE,

## BELIEVES IN ANNIHILATION OF THE WICKED

Mrs. Weaver was again the speaker at the Adventist Church last night. She said that she had much rather talk about the reward of the righteous than about the fate of the transgressor, but since the Gospel commission includes the warning of the sinner, as well as the promise to those who forsake their sins, she could not dare, as a watchman on the walls of Zion, she could not be silent on the subject that had been announced for the evening.

Mrs. Weaver believes in the complete annihilation of the wicked, and that in this method of dealing with them the love of God is manifested as truly as in giving eternal life to those who have accepted the plan of salvation. Many scripture texts were used during the entire lecture, in proof of the speaker's assertion. The gist of her remarks are as follows: "One text alone (Jno. 3:16) is sufficient to show that the wages of sin is death (Rom. 6:23), not eternal life in torment. From a critical study of the subject the following truths are made prominent. The wicked are not to be punished, because the place of their reward is to be in the earth. (Pro. 11:31), and they are reserved to the day of executive judgment (Second Peter 2:9) and are then brought forth from their graves (Job 21:29-30) Acts 24:25; Jno. 5:28, 29) to be destroyed by the fire that purifies the earth, after the second coming of Christ.

"That literal fire is employed as the means of the destruction of the wicked, is made positive from statements found in Rev. 20:9 and Matt. 25:41, but that fire is understood as everlasting in its effects and not in duration, was shown by First Thess. 1:7-9, where it is said that the wicked will be 'punished with everlasting destruction.'"

"Note the result of the punishment, as brought out in the following statements of Scripture. Prov. 10:25 says that the wicked shall be no more. Psa. 37:9, 10, 20, 34 says, that the wicked shall not be; their place shall not be, they shall be consumed, as the fat of lambs, into smoke. Mal. 4:1-3 says, no part of them is to be left; Satan, the root, the wicked, as the branches are all to be 'burned up, root and branch.' Further proof that the expressions 'everlasting fire' and 'eternal fire' do not mean eternity in point of duration, but in effect, is found in Second Peter 2:6, where it is said that, as Sodom and Gomorrah, the wicked will be likewise turned into ashes, and that the fate of those wicked cities is a fitting example of those who should afterward live ungodly. Matt. 25:41 informs us that the wicked are to be sent into the fire that will be prepared for the Devil and his angels, and Rev. 20:9, says this fire comes 'down upon them' from God, out of heaven, while they are on the earth. Jesus calls the earth, when in this burning condition, a 'furnace.' (Second Peter 3:7, 10) Matt. 13:41, 42.)

"Lexicographers give us the information that the expression 'forever' is an expression of time, sometimes limited, sometimes unlimited. With this the Bible is in complete harmony. For example, Exodus 21:6 converts the thought of lifetime, Jonah 2:6 limits it to three days, and First Sam. 1:22 speaks of it as the life time of Samuel. That the expression relative to Satan's torment is a limited time is seen by comparison of Zech. 14:4-7 and Rev. 21:25 with Eze. 28:11-19. Satan will be kept in the furnace of fire longer than his followers, since the Scriptures say that every man shall be rewarded according to his works. Satan suffers for the sins of the righteous, as is shown in his position as anti-typical scapegoat in the sanctuary service. Yet he will finally be 'brought to ashes in the sight of all them that behold him.' (Eze. 28:18).

"By this process of burning, the earth is to be cleansed from the effects of sin. It will then be renewed by the power of God, and the universe is again clean. Then the blessed invitation 'Come ye blessed of my father, inherit the kingdom prepared for you from the foundation of the world,' will be given to those that have left all and followed the Saviour."

The speaker then closed her remarks with the admonition found in Luke 21:36: "Watch, therefore, and pray always that ye may be accounted worthy to escape all these things that shall come to pass, and to stand before the Son of Man," and pointed the congregation to the promises held out to those who love God, through which is revealed the love of God, that leads men to repentance.

The subject announced for Sunday night is "Who is Responsible for the Change of the Sabbath: When and How Was It Changed?"

## BURNED AND ITCHED BADLY

Burn Was Sore and Ulcerated. All Red and Inflamed. Suffered Terribly. Could Not Sleep for Two Weeks. Used Cuticura Soap and Ointment. Arm Healed Nicely.

539 Lincoln Park Blvd., Chicago, Ill.—

"A year ago I received a very severe burn on my left arm. I caught cold in it and it was all sore and ulcerated. The sore was as large as a silver dollar. It was all red and inflamed and had pus running out of it. I suffered terribly from burning pain; could not sleep for two weeks it burned and itched so badly. I applied — Salve. — Salve and a salve my druggist recommended as his own, but got no relief. I then commenced using the Cuticura Soap and Ointment. I bathed the burned parts with Cuticura Soap and applied the Cuticura Ointment on a linen bandage. I got relief from the first and my arm healed nicely. I was soon able to be at work again. At first I would have avoided lots of suffering." (Signed) Harry Junkie, Mar. 9, 1912.

If you wish a skin clear of pimples, blackheads and other annoying eruptions, hands soft and white, hair lustrous and glossy, and scalp free from dandruff and itching, begin to-day the regular use of Cuticura Soap for the toilet, bath and shampoo, assisted by an occasional light application of Cuticura Ointment. Sold throughout the world. Liberal sample of each mailed free, with 35-p. Skin Book. Address post-card "Cuticura, Dept. F, Boston."

"I want to thank you from the bottom of my heart," wrote C. B. Rader of Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters in curing me of both a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice, and to rid the system of kidney poisons that cause rheumatism, Electric Bitters have no equal. Try them. Every bottle is guaranteed to satisfy. Only 50c. at F. D. Hall's.

## NEW THERMOMETER PRESENTED BY THE NEWARK TRUST CO.

The old thermometer which has for several years furnished a fairly reliable record of the temperature at Fire Department Headquarters in Fourth street, has been removed since it lost its accuracy. The instrument will be replaced with a new one of standard accuracy, through the courtesy of the Newark Trust company. The order has been placed for the instrument and word has been received that it will be delivered about the last of the month. The new thermometer will be fully four feet in height and will be placed in the same location. Fire Chief Busch has a new lighting device which will be installed over the instrument so it can be read at any hour of the night. A reliable instrument available to all, will be much appreciated by Newark people.

## Merchants and Manufacturers

To Business Men Who Would Increase Their Profits:

People feel electricity unconsciously.

They avoid a store, a shop, a market, a public place that is harshly or improperly illuminated. People avoid harsh light as they avoid noise. On the other hand, in a store where the illumination is quiet, effective, they stay longer, do their shopping better, and buy more without knowing why. They speak well of the store, and visit it often.

The same situation applies to restaurants, amusements and other places, where the comfort of the customer is an important factor.

The cash value of good illumination in shops, in factories, in offices, cannot be over-estimated. Men are more efficient, they work better and with less strain, when they have the right light in sufficient quantity—light suited to their work. Men have clearer minds, better health and better eyes when electricity is installed. They do not get sick so often and stay away. The output is better, and there is certain to be more of it.

Measuring results in dollars and cents, scientific electric light is a valuable asset. Electricity helps to furnish goods or service with minimum of complaint and trouble—with a maximum of health and comfort, both for yourself and your associates.

ELECTRICITY is EFFICIENCY and ECONOMY.

## LODGE NEWS

Newark Lodge No. 13, K. of P.  
Newark lodge met in regular ses-  
sion Thursday night with unusual  
good attendance. Much interest  
being shown in the membership cam-  
paign and three more applications  
for membership were read.

The new ritual will be in use the  
first of the year and under it the  
Page Rank will be conferred in full  
amplified form and the booster com-  
mittee says there will be a class of  
25 or more to confer the work upon  
the first of January.

A communication was read from  
Rev. L. C. Sparks, inviting the lodge  
to attend services at the M. E.  
church on Sunday night, Dec. 22.  
The invitation was accepted and ar-  
rangements were made to meet at  
the lodge room at 8:30, and march  
to the church.

Newark lodge meets every Thurs-  
day night. Visitors are always wel-  
come.

Roland Lodge, K. of P.  
At the meeting of Roland Lodge,  
No. 363, Knights of Pythias, last  
Tuesday evening, the Page Rank was  
conferred in an impressive manner.  
We think it would pay some of the  
older members to be present some  
night when the rank is conferred in  
its present form, as it is consider-  
ably different from the old way. The  
old rituals have been sent away and  
the new ones will be used after the  
first of the year. It is not definite-  
ly known what the changes are, but  
all members are expected to come to  
lodge meetings and see for them-  
selves. An invitation was read from  
Rev. L. C. Sparks of the First M. E.  
church to attend evangelistic ser-  
vices at that church on the evening  
of Dec. 22. The invitation was ac-  
cepted and it is hoped that a large  
number of the brothers will make  
arrangements to do there. The sick  
is still clear and not a bill of any  
kind was presented. The Esquire  
rank will be conferred next Tues-  
day evening.

L. O. T. M.  
White Carnation Hive will hold its  
next regular meeting on Wednesday,  
Dec. 18, at which time the annual  
election of officers will take place.  
Come out to the meeting Wednes-  
day, ladies and bring your contribu-  
tions for the bazaar which will be  
held in the Arcade Annex on Dec.  
19 and 20. The committee in charge  
is anxious to have everything  
brought in by Wednesday. The sew-  
ing circle will meet with Mrs.  
Haughey on North Street on Tues-  
day afternoon.

Daughters of Veterans.  
The Daughters of Veterans held  
their regular semi-monthly meeting  
Tuesday evening. After roll call  
the usual routine of business was  
anxiously disposed of. Two worthy  
candidates were received for mem-  
bership, followed by the election of  
new officers for the coming year.  
The state inspector was Mrs. Minnie  
Guitland was present and won the  
hearts of the ladies by her gracious  
and courteous manner. In the beau-  
tiful talk she gave to the order on  
charity and patriotism many things  
were said for the encouragement of  
this noble work. Success can only be  
attained by perseverance, hence ear-  
nest efforts are sure to be crowned  
with success; at the close of the  
meeting the order presented the re-  
tiring president Miss Dawson, with a  
solid silver spoon, in token of the  
high esteem in which she is held  
by each member of the order. For  
the work's sake. On Thursday eve-  
ning the daughters met for a social  
hour in commemoration of the birth-  
day of the organization known as the  
National Alliance Daughters of Vet-  
erans. A miscellaneous lunch was  
served and a good time had by all.  
The next meeting will be held  
Dec. 24th, which will consist of  
the installation ceremony. Let ev-  
ery member come out.

I. O. O. F.  
All members of Newark lodge and  
Oliver Branch Lodge are requested to  
be at lodge meeting Wednesday eve-  
ning, Dec. 18. A special meeting  
will be held on this night for the  
purpose of conferring the first de-  
gree on a class of candidates. This

## QUARTER OF A MILLION BEING PAID

With only eight more shopping  
days before Christmas, Newark  
merchants are anticipating a strenu-  
ous time, and are making prepara-  
tions accordingly. The fact that over  
\$200,000 has been paid to residents of  
Newark and vicinity by various man-  
ufacturers and railroads in the city  
during the past 48 hours, and that an  
additional \$50,000 will be distributed  
during the coming week or ten days  
makes the Christmas season especially  
promising, and it is prophesied that  
Newark homes will feel far more  
Christmas cheer than they have for  
many a year.

The Baltimore and Ohio pay roll,  
which is being paid through local  
banks today, amounts to over \$120,000.  
The Panhandle men received their  
pay checks Thursday night and are  
still being presented at the Newark  
banking houses, while the Heisey,  
Wehrle, Newark Refractor Works and  
other factories bring the total up very  
close to the "quarter of a million dol-  
lars" mark.

Nearly all local stores will remain  
open evenings during the remaining  
time before Christmas, and at the lar-  
ger stores, additional clerks are being  
secured to accommodate the crowds.  
This is especially hard this year, as  
there are few young women in need  
of positions, the majority declaring  
that they are well satisfied with their  
positions and have better prospects  
in view than has been the case for  
several years. One local merchant  
this morning stated that the only  
girls out of positions and competent  
to meet Christmas shoppers are the  
girls of the Newark high school and  
he will have a large number of these  
young women assisting in his store  
during the Christmas week.

### Drives Off a Terror.

The chief executioner of death in  
the winter and spring months is  
pneumonia. Its advance agents are  
colds and grip. In any attack by one  
of these maladies, no time should be  
lost in taking the best medicine ob-  
tainable to drive it off. Countless  
thousands have found this to be Dr.  
King's New Discovery. "My hus-  
band believes it has kept him from  
having pneumonia three or four  
times," writes Mrs. George W. Place,  
Rawsonville, Vt. "and for coughs,  
colds and croup, we have never  
found its equal." Guaranteed for  
all bronchial affections. Price 50c.  
and \$1.00. Trial bottle free at F.  
D. Hall's.

## FARMERS TRYING TO HOLD UP ON TURKEY PRICES

Local dealers this morning de-  
clared the farmers of the county are  
conducting a "hold-up" game in the  
sale of their turkeys for the Christ-  
mas market, and are threatening to  
purchase turkeys in the New York  
and Chicago markets and have them  
shipped here during the coming  
week unless the farmers "cut out  
their foolishness and get down to  
rock bottom prices."

"There is an over-supply of tur-  
keys on the big markets," said one  
of the dealers to an Advocate repre-  
sentative this morning. "Only the  
other day a whole trainload of the  
birds was offered on West street, in  
New York City, at 5 cents a pound,  
on foot, and 7 cents, dressed, and re-  
jected because of no buyers."

"Farmers near Newark seem to  
think it is impossible to get tur-  
keys this year, and are holding their  
prices above the 20-cent mark. Their  
avariciousness is going to get a hard  
bump," he continued, "for they will  
find the season closed and the tur-  
keys still on their hands unless a  
substantial reduction is made."

## NAVAL MEN DO XMAS SHOPPING

New York, Dec. 14.—The 20,000  
officers and men of the Atlantic  
fleet will be in New York for the

ping and holiday festivities.  
The fleet will begin Monday on  
all the 19 battleships anchored in  
the Hudson.

## REVIVAL OF THE KU-KLUX-KLAN DAYS

Dalton, Ga., Dec. 14.—A revival  
of the days of the Ku-Klux-Klan  
took place here yesterday when a  
band of masked men took John Wat-  
kins from his home to the center of  
the city, where he was severely  
whipped. Watkins was then given  
three days to leave town.

The action is said to have follow-  
ed Watkins' refusal to get rid of  
several alleged disorderly white wo-  
men living in one of his houses.

When some people get suddenly  
polite the rest of us become suspi-  
cious.

### The Right Way to make Healthful Coffee

Coffee boiled for any  
length of time in ordinary  
pots, or sprayed with boiling  
water, as in ordinary perco-

steam. It becomes bitter  
and unwholesome in pro-

time it boils.

The best coffee pot is the one which automatically  
completes the process before the water boils. The

are the only ones that fill this requirement. The  
water, lukewarm at first, is forced up through the  
tube and percolates through the coffee, gradually  
increasing in temperature until the boiling point is  
reached, when the coffee is ready to serve. This is  
the perfection of the drip process.

 Tomorrow—Photo-plays.  
 Tuesday, Dec. 17—John Hyams and Leila McIntyre in "The Girl of My Dreams."  
 Wednesday, Dec. 18, matinee and evening—Stetson's Uncle Tom's Cabin.  
 Wednesday, Dec. 25, matinee and evening—"Sunbonnet Sue."  
 Sunday, Dec. 29—Lyman H. Howe's Pictures; all new.  
 Tuesday, Dec. 31—Al. G. Field's Minstrels.  
 Wednesday, Jan. 1, matinee and evening—"Seven Hours in New York."  
 Thursday, Jan. 2—"Officer 666."  
 Saturday, Jan. 4—"The Girl of the Underworld."

## Last Night's Play.

The National Stock company pleased a fair-sized audience at the Auditorium last night, producing "The Woman of Mystery." Tonight will be the last opportunity to hear a really clever and capable company, as their engagement terminates. The bill will be "On the Suwanee River." A number of specialties will be introduced between the acts. Popular prices will prevail.

## Photo-Plays Tomorrow.

The usual Sunday program of life motion views will be offered at the Auditorium tomorrow afternoon and evening. These Sunday entertainments at the big playhouse have become so popular that it is necessary for patrons to get there early in order to be sure of a seat. The program for tomorrow is one of especial interest to all lovers of the "silent actors."

## Popular Musical Comedy Returns.

That dainty lassie, "The Girl of My Dreams," having visited many cities to ascertain her personal popularity, now seeks the smiles and plaudits of our local theatregoers. Delightful dainty Leila McIntyre impersonates this maiden of universal heart appeal; and John Hyams makes love to her, in the charming musical play success to which Jos. M. Gaites now invites our theatre patrons on Tuesday evening, Dec. 17, at the Auditorium theatre.

"The Girl of My Dreams" is the joint work of Wilbur D. Nesbit and Otto Hauerbach, the late Karl Hoschna is responsible for the music of melodious tunes and ringing airs, the same Karl Hoschna, who wrote the haunting theme in "Madame Sherry." "Every Little Movement." Frank Smithson is stage producer and his work is free from any vulgarity or overworked stage effects. All of the dances arranged for the principals are graceful waltz movements and sprightly galops. Many novel chorus numbers are worked into the songs, most noteworthy of which are the ones illustrating "Dear Little Finkies of Gussing" and "The Tinkle Tinkle." Seats are now on sale.

## Uncle Tom's Cabin.

Quaint and jocular humor, alternating with joyous pathos, clear-cut descriptions, brilliant colloquia, keen, subtle characterization, and a broadly romantic plot—these favorable elements meet and mingle in "Uncle Tom's Cabin," an emotional drama by Mrs. Harriet Beecher Stowe of sincerity prevails, lending a rare with quaint characters and curious surprises appearing at every turn, the charming, strong-willed, resourceful Topsy, challenges the sympathy and admiration of her audience, and the play evinces dramatic quality, genuine human sympathy, and a definite sense of proportion in motive and incident; the characters are drawn in clear, free outline, and throughout the story the atmosphere of sincerity prevails, lending a rare touch of realism to the successive scenes. The story is worked out by the author with such ingenious invention and sustained interest of plot and action, her incidental sketches of life and customs are well drawn

and skillfully introduced throughout the play. "Uncle Tom's Cabin" will be the attraction at the Auditorium, Dec. 18. Special school children's matinee at 3:30.

## Christmas at the Auditorium.

Harold Bell Wright, the author of "The Shepherd of the Hills," "The Winning of Barbara Worth," "The Calling of Idylls," has made, in collaboration with Elsbeth W. Reynolds, a dramatization of his

most popular story, "The Shepherd of the Hills." The play has excellent production from Gaskill & McIntyre, and Manager Johnson of the Auditorium has secured the original cast and production for his theatre for two seasons. "The Shepherd of the Hills" is a splendid story of real life among the Ozark hills of Missouri and Arkansas. If you go there you will easily find a Norton Hollow, a hill like Dewey Bald, and people like Sandy Lane, Young Matt, Mad Howard and Father Howitt. Clinging to the beautiful story simply told, is the very atmosphere of the life of the picturesque region which is so sadly unfamiliar to the travelers in search of new scenes. It is a clean and strong play, well worth seeing many times.

## When Silence is the Better Part of Admiration.

To realize the limitations of language it will be necessary to spend an hour or two at Lyman H. Howe's Travel Festival, which comes to the Auditorium Sunday evening, Dec. 29. After the first five minutes the stock of laudatory adjectives becomes exhausted and after trying in vain to find words that would adequately express their delight, spectators realize that here silence is the better

THE CHORUS IN THE YAMA YAMA, IN "COMING THRO' THE RYE," AT ORPHEUM THEATRE ALL NEXT WEEK.

part of admiration. The subject matter and photographs of program leaves no loophole for the critic because every foot of the film is of the same superior degree of excellence and perfection. Throughout, the new program constitutes the last word in animated photography. It is life itself—palpitating life—glowing in all the luminous colors of nature. It would be impossible to conceive more beautiful views than these, which reproduce the wondrous richness and brilliance of nature's own colors in their finest and most delicate shades, and which, at the same time, present endless combinations of form and movement that are unrivalled. Details are useless. The essential thing is for the eye to see and appreciate beauty which no words can describe.

## Seven Hours in New York.

Irma Croft, Dottie Leighton and Edith Edwards are the leading feminine members of the big "Seven Hours in New York" company which is booked to appear at the Auditorium on New Year's day. All are

young, handsome and possess talent of a high order.

A Girl of the Underworld. No person should miss seeing one of the biggest dramatic sensations presented in years, when "A Girl of the Underworld" will be produced at the Auditorium shortly, by a splendid company of players. It is a beautiful story of tenderloin life, which holds its audience spellbound from the opening act to the finale.

The Pink Lady Comes Here Soon. Klaw & Erlanger's great company in their international musical comedy de luxe, "The Pink Lady," is headed in this direction and will play an engagement here soon. It is the largest musical comedy organization ever sent on tour. A company of 100 people is seen in the production, and in addition a special orchestra of musicians who were identified with the runs of this hit in New York, Chicago and Europe is on tour with the organization.

Dinner Sets for Ladies at Auditorium. Starting next Thursday afternoon, Dec. 19 the Auditorium will resume its usual custom of running motion pictures when the house is not occupied by a traveling company. In addition to the usual high grade mo-

strel Malls take part in the minstrel. This is a guaranteed attraction, refined, clean, high class and different from vaudeville. The prices will be the same, 10 and 20 cents.

For the last time tonight, see the Maratis Bros., comedy jugglers; Swazzal and Razzel, comedy musicians, are very clever; Vardaman, in artistic poses, is very clever, and makes many changes; Buchanan & DeYain, in their comedy sketch, have a great act. Many nice songs are introduced by Mr. DeYain. The Murrascopes have good pictures.

## The Marriage of Figaro.

## \$3.50 RECIPE FREE, FOR WEAK KIDNEYS.

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc.

## Stops Pain in the Bladder, Kidneys and Backs.

Wouldn't it be nice today a week or so to begin to say goodbye forever to the scalding, dribbling, straining, or too frequent urination, the sore head and the back-of-the-head aches, the stitches and pains in the back; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen ankles; leg aches; unnatural short breath; sleeplessness and the general run-down condition? I have a recipe for these troubles that you can depend on and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you \$2.50 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: Dr. A. E. Robinson, 1429 Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure harmless remedies, but it has great healing and pain-conquering power.

It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free if you can use it and cure yourself at home.

## "PIGS IS PIGS" HAS RIVAL IN REPLEVIN SUIT AT UTICA

Extensive legal complications may result from the mere replevying of a sow and seven shoats at Utica Friday afternoon, and the case may become as famous as Ellis Parker Butler's "Pigs is Pigs" story. It all depends on whether the sow in the case, the ownership of which is a matter of litigation, brings another litter of pigs into the world during the period of the litigation. But, to tell the story with proper consecutivity:

George Buxton, who for years has operated a grocery store at Utica, was forced into bankruptcy this week, and was called upon to settle an indebtedness to one Glenn Wallace, a prominent farmer of that vicinity. Having no funds at his command at the time, Buxton told Wallace to go to the Buxton home and take a sow and seven shoats that he would find there. Wallace was satisfied with this form of adjudication, and collected the porkers.

T. W. Buxton, father of the bankrupt grocer, then appeared on the scene and brought a suit to replevy the porkers, stating that George Buxton never had any interest in them, and that they were the property of no other than T. W. Buxton. Then, of Utica Attorney C. N. Moore of Newark, represented Buxton in the matter and a constable, armed with authority from the court, "Squire Tewell," was

sent to the Wallace farm and secured the sow and shoats.

Present indications are that the new litter of squealers will arrive before the case can be decided, and inasmuch as Buxton has been feeding the mother heretofore, and as he is now in charge of the sow during this critical period in her life, he feels that he should be given the new arrivals, regardless of the court's decision. On the other hand, Wallace says that he is going to have the whole family of pigs, come what may. The constable in the case is also interested to the extent of asserting that he will levy on the new arrivals for unpaid costs, as the costs in the case only allow for the carrying of the sow and the seven shoats from the Wallace farm to the Buxton home. He says if he was forced to carry any young pigs not included under the authority of the writ of replevin, he will probably levy on at least one or them for his extra trouble. "Squire Tewell" also is not averse to an addition to his winter supply of pork.

Finally, Attorney Moore is vitally interested in the case, but no more need be said. When an attorney makes up his mind that he might use a young pig in his winter larder, no other applicants need apply. The arrival of the porkers is awaited with interest.

## THOROUGH WORK

How a Newark Citizen Found Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—Any curable disease of the kidneys. Use a tested kidney remedy. Doane's Kidney Pills have been tested by thousands. Newark people testify. Can you ask more convincing proof of merit?

William Larason, 435 West Main St., Newark, Ohio, says: "Doan's Kidney Pills will give satisfactory results if taken according to directions. I know this from experience. My kidneys were in very bad shape. Their action was irregular and the secretions contained sediment. My back ached too, until I used Doan's Kidney Pills, procured from A. F. Crayton & Co.'s Drug Store. They stopped the pains and regulated the action of my kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—And take no other.

## FIRST THINGS

The first English statute directing the use of avoirdupois weight was put into effect 380 years ago today, Dec. 14, 1532. The first attempt to provide standards of weights and measures for the whole kingdom had been made in 1197, but was not successful. The first public scales of which there is any record was set up in London in 1509, and in that year a weighmaster was appointed and charged with doing justice between buyer and seller. In 1553 King Edward II. ordered that there should be one weight, measure and yard throughout the kingdom, but the order had small effect. Indeed, it was not until 1826 that a statute for establishing a uniformity of weights and measures throughout the United Kingdom was fully enforced. After a time local measures again came into use and these were abolished in 1879. The metric system of weights and measures was first adopted in France in 1801 and is now in general use throughout continental Europe. Decimal currency, an outgrowth of the metric system, has been adopted by the United States, Canada and many other countries.

## DIVORCED COUPLE REMARIED BY 'SQUIRE JONES

Demont Mohler and Zeta Mohler, former residents of Mt. Vernon, but now residents of Newark, have just completed the second round of a double romance. Squire D. M. Jones, as Cupid, assisted by probate court official, presided at the happy second marriage of husband and wife at his office in South Third street Thursday afternoon. The witnesses present at the ceremony were "Sammy" Phillips, the squire's secretary, and George Conway, the violin expert, whose shop occupies the squire's office.

The initial stage of the romance dates back to the time when Demont Mohler, a plumber, first married his wife while both were residents of the Knox county, Pa. After their marriage Mohler went to Mexico and for many months his wife heard nothing from him. After she had watched for his return for many days the wife decided that her husband had tired of her and that he would never return. Moved by this conviction she applied for a divorce, basing her plea on the apparently willful absence of her spouse. The decree was granted by the wife, still retained the name of Zeta Mohler.

After many months absence, Demont Mohler returned to his home and country only to find that his wife had divorced him. Explanation and reconciliation followed and husband and wife decided to renew their marital vows. On Thursday they appeared in the probate court and a license was issued to them. A trip to the office of "Squire Jones was the next step and in a short time Demont Mohler and Zeta Mohler were husband and wife for the second time.

"Gee, I'm glad we're married again," said Mohler, when the "Squire" had pronounced them man and wife once more.

## CABINET MEETING

(Continued from Page 1.)  
received the promise of the support of every person present.

Discussion was also had of the proposed special session, and the idea met with general approval.

The statement was made by the governor-elect that there was a movement begun directly after the election, to prevent the execution of the campaign pledges for a progressive program.

It was therefore necessary for the leaders of the party to come together and work unitedly for the common good. That his path is not to be smooth is expected by Mr. Cox, who said that "running Ohio for the next two years isn't going to be a pink tea affair."

The first step to be taken is the proper organization of the general assembly, the point in the line where the heaviest attack may be expected.

After the platform pledges are redeemed and the appropriations made, a special session will follow for the constructive work of the administration.

In the interim the necessary legislation will be prepared by experts and experienced parliamentarians.

Assurances of more than two-thirds of the members-elect for the support of the governor's program had already been received. No action was taken regarding the demand for the appointment by the Democratic caucus of a committee to choose the standing committees. This will be considered next Monday when the governor-elect will return to this city to prepare for the conference.

About the round table the governor-elect gathered as his guests Lieutenant Governor Hugh L. Nichols, Secretary Graves, Attorney General Hogan, Auditor-elect Donahey, Treasurer-elect Brennan, Dairy and Food Commissioner Strode, School Commissioner Miller, Clerk Frank E. McKean of the supreme court and Chairman William L. Finley.

Two new items of the legislative program were practically determined upon. Proposal by State Chairman Finley, that the legislature be asked to create a commission to prepare a new and progressive school code for Ohio, was given favorable consideration. This commission would be expected to report to the extra session, if one is called.

It was not thought necessary to postpone making the workmen's compensation law compulsory on employers. None of the conference could see any reason for not putting into immediate effect the new permission of the constitution that compensation to workmen for injuries shall be required of all employers.

Compulsory action would mean that the employers of the state should be permitted to secure private insurance and to this the Ohio Manufacturers' Association is formally opposed.

There was some discussion, too, of the projected investigation of conditions in the rural schools of the state with a view to strengthening the confessedly weak primary grade schools.

Secretary of State Graves, it was learned, after waiting was appointed as a commissioner to wait upon Harry R. Young of Marion to announce to him that the governor-elect favored John R. Cassidy for clerk of the house.

Mr. Cox gave his reasons to the cabinet, making it clear that there was no objection to Mr. Young of a personal or official nature. His attitude was indorsed.

## ELKS WILL ACT AS ESCORT TO GOV.-ELECT COX

Hamilton, O., Dec. 14.—The Hamilton Lodge of Elks has accepted an invitation of the Dayton Elks to go to Columbus with them to attend the inauguration of Governor-elect Cox, who is a member of the Dayton lodge. The Elks will act as Governor-elect Cox's escort to the State House, where the oath of office is to be administered.

## SAUSAGE FACTORY LOCATED HERE BY SEC'Y WELLS

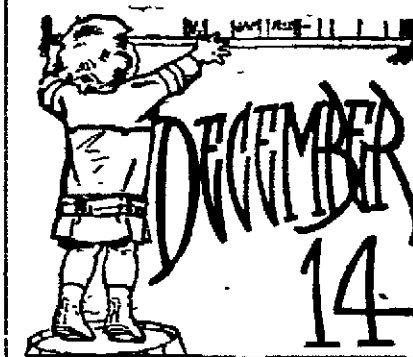

Secretary Wells of the Board of Trade has just negotiated a deal for the location of a sausage factory here. Several weeks ago Mr. G. Perran of Bellaire visited Newark and met Mr. Wells. Mr. Perran said that he and his four sons had been operating a sausage and stuffed goods plant at Bellaire for a number of years and that he was thinking of locating in the central part of the state.

As a result of this talk Mr. Wells sold the Narrigan place on Sixteenth street, an eight acre tract, to Mr. Perran, who will erect a temporary plant and in the spring build a concrete structure. Mr. Perran will establish a wholesale house in the business district of Newark.

\*\*\*\*\*

## IS THIS YOUR BIRTHDAY

Take care. Some accident threatens. Your health will also require attention. In money matters you will prosper and if you are employed you will see some way in which you can advance your employer's interest and, therefore, your own.

Those born today will be quick and active and, therefore, liable to accident. They will be respected and well liked and through experience will learn the road to success.

## IS THIS YOUR BIRTHDAY

Keep calm and try to foresee events, thus saving yourself many annoying situations. Practical details must be reckoned with in putting the most carefully thought-out theory into action.

Those born today will have many fine qualities, but in youth these will be so obscured by unreasonable impulses and natural untruthfulness that they will require the most patient care to bring them to perfection.

Small eyeglasses, fitting closely, and with flesh-colored nose pieces are made for actors needing them, but who in deference to the parts they play, do not wish to wear the usual-sized lenses.

## Perpetual Christmas Trees 39c Each

We have just received one thousand real living Cedar Trees suitable for Christmas trees; each tree is two to three feet tall and has the roots packed firmly in earth covered with moss and burlap.

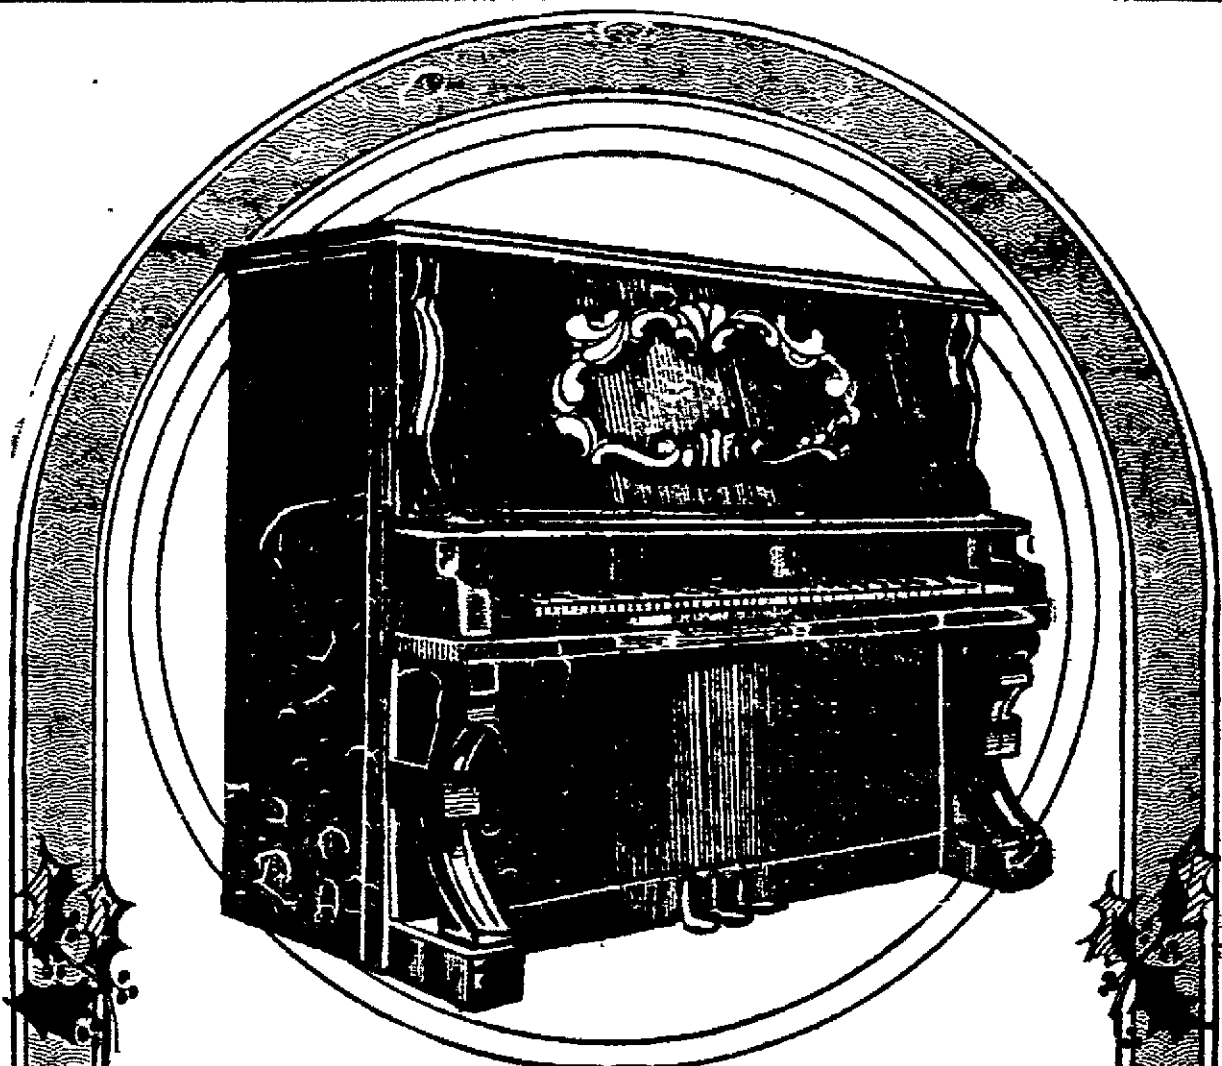

After using as Christmas trees, they may be planted either in box or in the yard and used again the next year.

A great advantage in using these live trees is that the cedar will not fall off as in the cut trees; thus you may keep your Christmas tree for weeks and they will be just as green as the first day.
